

ADB SAFEGATE | AIRFIELD

PRODUCT DISCONTINUATION NOTICE
Reliance Elevated High Intensity Uni & Bi
Directional
(LEAP & EREL)

Product Discontinuation Notice

Dear Valued Customer,

In response to your feedback, we have extended the last time buy period to better support your transition during the discontinuation of the Reliance High Intensity Uni & Bi-directional Elevated Range:

- Reliance Approach Centerline and Crossbar
- Reliance Approach Siderow
- Reliance Threshold & Threshold Wingbar
- Reliance Runway End
- Reliance Stop Bar L-862S(L)

- Reliance Runway Threshold & Threshold / End L-862E(L)
- Reliance Runway Edge L-862(L)
- Reliance Stopway
- Reliance Runway End (L-862E)

This decision continues as part of our **transition to the new harmonized Axon elevated platform**, which offers enhanced performance, improved durability, and **fully backwards-compatible** installation within existing Reliance product installations, with respect to :

- **Mounting & Alignment** Principles
- **Photometry & Chromaticity** – Color, intensity and beam

Axon is designed to provide long-term support for your Reliance installed base while offering the latest advancements in airfield lighting technology.

Please note:

Due to stock availability, component supply, and increasing challenges with obsolescence, Reliance products are now intended **solely for supporting existing installations**. We cannot recommend or supply these products for new projects or new installations.

We recognize the importance of this change and the impact it may have on your operations. Please be assured that we remain fully committed to supporting your needs during this transition. In accordance with ADB SAFEGATE's product discontinuation policy, we are providing this notice to give you time to adjust your purchasing plans and consider any final lifetime purchases.

We are confident that the Axon platform will provide you with a better, future-proof solution while continuing to meet your operational requirements

Our ADB SAFEGATE Sales Representatives are available to answer any questions or assist you with final orders or alternative solutions.
