

Product Discontinuation Notice (PDN)

March 2, 2026

Dear Valued Customer,

This notice is to inform you that ADB Safegate will discontinue the manufacturing of the **PU3L PAPI – Precision Approach Path Indicator, Halogen, ICAO**. This discontinuation aligns with our global halogen product phase out strategy and transition to sustainable LED solutions.

In accordance with ADB Safegate product discontinuation policy, we are hereby giving notice of these changes so that our customers and trusted partners can adjust their product purchasing records or make any final lifetime purchases of discontinued product(s) to support their operations.

In this notice you can find necessary details about the discontinuation target dates, successor product replacement, spare parts policy and last time buy conditions.

We regret the inconvenience and impact this notice may cause. ADB Safegate Sales Representatives stand ready to answer any questions you may have or assist you with any final orders.

Product Transition Table	
Product Name	PU3L PAPI – Precision Approach Path Indicator, Halogen, ICAO
Reason(s) for Discontinuance	Declining sales and product consolidation to LED portfolio. Limited critical component availability.
Last-Time-Buy deadline	December 31, 2026
	Last day to order complete fixtures. Orders for discontinued products will not be accepted after this date.
End-of-Support deadline	December 31, 2031
	Spare parts will no longer be available for warranty or non-warranty support. Technical support will be limited to fee-based repair work.

Equivalent product replacements are available for this product as indicated in the “Product Replacement Table” below.

Replacement Part Number	RPXXXXXXXXXXXXX01 Reliance PAPI Gen 2 web link

Product Discontinuation Notice (PDN)

Spare Parts Availability

The table below shows spare parts that were available for the previously referenced product for a limited time. The list is based on common spare parts for this product, as shown in the manual or on the catalog sheet. While ADB Safegate will make every effort to maintain spare parts until the “End-of-Support” deadline, this will depend on the availability of older technology components. We highly encourage airports to stock an adequate quantity of recommended spare parts.
