

Product Discontinuation Notice (PDN)

Ref No: PPOM-2022-01-02/PDN.POW.TFO.ITX-1500

April 5, 2022

Dear Valued Customer,

This notice is to inform you that ADB Safegate will discontinue the manufacturing of the **1500W Series Isolation Transformer (ITX-1500)** listed in the "Product Transition Table" included in this notification. The product contained in this notice is part of our annual product portfolio review process.

In accordance with ADB Safegate product discontinuation policy, we are hereby giving notice of these changes so that our customers and trusted partners can adjust their product purchasing records.

Product Transition Table	
Product Name	1500W, 20A/20A Isolation Transformer (ITX-1500)
Reason(s) for Discontinuance	Steeply reduced demand, end-of-life (EOL) stage.
Last time buy deadline	Not offered
	Effective Immediately, we are unable to accept orders for this product.
End-of-Support deadline	April 30, 2022
	As the ITX-1500 transformer is designed for service and maintenance-free operation, no spare parts nor replacement products are available. A fee-based technical support may be offered beyond this date to identify alternative solutions.

Equivalent solutions are available for this product as indicated in the "Product Replacement Table" below.

Product Replacement Table	
Discontinued Part Number	Replacement Part Number
35A0675	A direct replacement is not available. In many instances, three (3) 500W isolation transformers can be connected in series to power a single load. Alternatively, in some instances, the load can be divided into smaller loads up to 500W and powered by 500W or appropriately sized isolation transformers.
