

## Aerodrome lights

Issued to

**ADB Safegate BV**

Salyxlaan 9100, 1830 Machelen, Belgium

**Product name**

RELIANCE 2 Runway Edge light (White/Yellow) and (Red)

RELIANCE 2 Stopway light (RED)

**Certificate**

The product(s) described in this certificate have been type-examined by RISE with regard to the **chromaticity coordinates** and **luminous intensity distribution** and found to fulfil the requirements specified below. The type examination is presented in full in test report 05105-1288145-7rev1 dated 2026-06-16.

**Product description and specification**

**Products tested:**

a) RELIANCE 2 - LSR6322Sxx(W/Y/R)xxx01

b) RELIANCE 2 - LSS6322S1xRNxx01

Note 1: x indicates variants without impact on photometry or chromaticity characteristics.

**Requirements:**

Standard	The chromaticity coordinates have been measured in accordance with the requirements in:	The luminous intensity has been measured in accordance with:
ICAO Annex 14 Aerodromes, Volume I, Ninth Edition, July 2022	Appendix 1, Section 2.1 Chromaticities for aeronautical ground lights (solid state-type light sources).	Appendix 2 Aeronautical ground light characteristics, Figures A2-9, A2-10
European Aviation Safety Agency - Certification Specifications and Guidance Material for Aerodromes Design, Issue 7, 16 May 2025	Chapter U.930(d), Figure U-1B, Colours for aeronautical ground lights (solid state lighting)	U.940 – Aeronautical ground light characteristics, Figures U-13, U-14
Australian Government - Part 139 (Aerodromes) Manual of Standards 2019, Compilation no. 5 (12 June 2025)	Chapter 9.15, Chromaticity for solid state (LED) lights	Section 9.75 Isocandela diagrams of runway lighting, Figures 9.75 (3) and 9.75 (4)
TP312 Aerodrome Standards And Recommended Practices, Land Aerodromes, 5th Edition, September 2015 (Canada)	Appendix 5A, Section 1.3.1, Colours for Aeronautical Ground Lights	Appendix 5B Aeronautical Ground Light Characteristics, Figures B-9, B-10
NATO STANAG 3316 AATMP-07 STD Edition A Version 1/2018	Section 8.3 Colours of Lights, Signs and Panels	a) Chapter 4.1 Runway Edge Lighting b) Chapter 4.7 Stopway Lights
UK Civil Aviation Authority CAP168 Licensing of Aerodromes, Edition 13, July 2025 (United Kingdom)	Appendix 6A.5 Aeronautical ground lighting characteristics	Appendix 6A Aeronautical ground lighting characteristics, Figures 6A.9, 6A.10
AENA DIN/DSEYN/PPT/XXX where XXX is one of: 010, 011, 012, 013, 015, 016, 017, 018, or 022 (2012) (Spain)	011-03/12, which refers to BOE 178 FOM/2086/2011, Appendix 1	011-03/12, which refers to BOE 178 FOM/2086/2011, Appendix 2, Figures A2-9, A2-10

**Validity**

This certificate is valid until not later than 2031-07-01. The validity of this certificate can be verified by RISE.

**Miscellaneous**

Other terms and conditions are set out in RISE certification rules for type-examination, SPCR 123.
