

ADB SAFEGATE

PRODUCT DISCONTINUATION NOTICE AD-lights DTS/DTC Low Protrusion (Style III)

**ADB
SAFEGATE**

Product Support Change Notice

Dear Valued Customer,

*This notice is to inform you that ADB SAFEGATE has discontinued the sourcing and supplying of all fittings and several spare parts listed in this notice from the **DTC/DTS LP, style III inset Taxiway Centerline and Stop Bar** family.*

In accordance with ADB SAFEGATE product discontinuation policy, we are hereby giving notice of these changes so that our customers can adjust their product part number purchasing records or make any final lifetime purchases of spare parts to support their operations.

Our portfolio of style III fittings has evolved and currently AXON-range can be offered using the most modern LEDs-engines enabling highly efficient light output and long operational lifetime. Remarkably, our engineering department has worked on upgrading the design of the DTC/DTS LP light engines using updated LP2-family light engines which is effectively enabling extending the lifecycle of the DTC/DTS LP installed base. Light engines and top covers of the DTC/DTS LP family will be catered using the upgraded spare parts according to the spare parts scheme attached in this notice. Consequently, if a light engine of DTC/DTS LP will need to be replaced, the complete top cover assembly and updated light engines will need to be ordered. Please familiarize yourself with the new replacement parts scheme and update your purchasing records.

In this notice below you can also find the necessary details about the successor product, updated spare parts, and last time buy conditions.

We regret the inconvenience and impact this notice may cause. ADB Safegate Sales Representatives stand ready to answer any questions you may have or assist you with any final orders or alternative solutions.

Please notice that this list is not including all available spare parts but represents an addendum to the spare parts list provided before.

Last-Time Buy Conditions:

- All purchase orders for last -time buys are non-cancellable and non-returnable.
- For orders for only spare parts, a €150 order minimum is required.
- Leadtime of the spare parts will be confirmed upon order confirmation.
- During the final stage of a Spare Part Supply phase ADB Safegate can no longer guarantee full support for the affected products. Spare parts are provided depending on the available inventory; repair and replacement services also depend on component availability.
