

MAKE IT LAST.

PAL100, PALLET COILNAILER, DOUBLE HANDED SAFETY

5L0021N

The Pal100 coilnailer has the muscle and durability to consistently and reliably drive up to 3,8x100mm nails all day long. The included T-handle helps comfortably maneuver and securely control the tool during operation. The double safety requires two hands to fire an nail. First press the handle on the frontside of the machine and pull the trigger. This will prevent user from firing the tool using only one hand. This will lead to additional safety in the working environment. In addition the PalletPro100 is also equipped with an eye bolt. This can be used to attach the tool to a spring balancer making work easier without having to carry the tool around.

APPLICATIONS

Pallets and crates, packaging, subfloor, framing, sheathing

FEATURES

- Aluminium housing
- Side steel wearplates
- Comfort grip

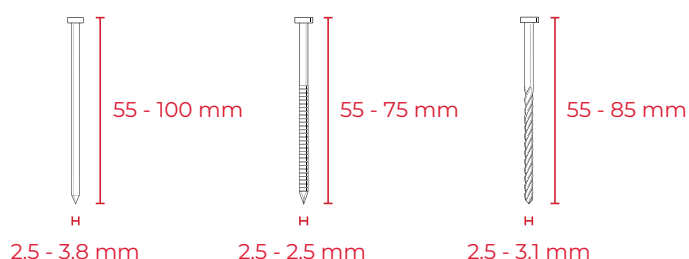

TECHNICAL SPECIFICATIONS

Pitch	8 - 8 mm
Wounding type	Flat
Oil free	No
Collation type	Wire collated
Type of nail	Coilnails
Includes case	No
Net weight	7.09 kg
Firing mode	Dual
Magazine capacity	300 pieces
Air inlet size	3/8" female
Air consumption at 60 shots/minute	323 l/m
Operating pressure	4.8 - 8.3 bar

IDENTIFICATION

Article number	5L0021N
GTIN	0741474104886
