

12VS7001N

The GT35i-HN cordless haften nailer gas framer combines the convenience of a cordless tool with the power and utility of a pneumatic nailer. This well-balanced haften nailer has the power to complete multiple zinc sheathing and covering job requirements. Perfect for crews doing haften nailing on tin roofs, zinc sheathing and general coverings into timber without the hassle of a hose and compressor. Built with components that ensure all day durability and reliability, the GT35i-HN is the best performing haften nailer in the market.

APPLICATIONS

Haften, tin roofs
