

MAKE IT LAST.

S900FN, CH FRAMING NAILER

4F2311N

The S900FN Framing Nailer drives nails up to 90mm into timber. Perfect for applications such as timber framing, sub-floors and fencing. This framing nailer is part of the SENCO SemiPro range. Built to SENCO's strict standards and offering incredible value for money, the range is designed for light-duty, semi-professional and DIY applications. SemiPro tools feature restrictive trigger action for maximum safety, and are covered by SENCO's 1-year Warranty. Easy to spot with red caps and black bodies.

APPLICATIONS

Battens, decking, fencing, framing, pallets and crates, sheathing, siding, subfloor
