Working width: 100 cm
Double pivoting wheels

SNOW BLADE

Blade: quick connection
Sideways adjustable
Working width: 85 cm
Shockproof rubber system

BRUSH COLLECTOR

Brush: Ø 30 cm + ABS collector
Rotation: 113 e 207 RPM
Working width: 88 cm
Side adjustable

SNOW THROWER

Turbine: double stage
Working width: 52 cm
Cutting height: adjustable
Chimney: side adjustable

ROTAVATOR

Rear connection
Cutter: 16 knives
Working width: 55 cm, Ø 32 cm
Rear protection casing

DE-THATCHER

With springs
Working width: 50 cm
Wheels: fix
Rear protection casing

TRANSPORT TANK

Capacity: 85 litri
Loading: 75 Kg on flat ground
Tank: galvanized
Discharge system: thorough leverage

COLLECTOR LDPE

Capacity: 160 litres
Loading: 75 Kg on flat grounds
Platform: metal sheet 57x81x10 cm
Discharge system: through leverage

ECO SPRAYER

Pump: 12 V - 4,1 bar
Batteries: x2, 12 V - 5 Ah each
Tank: 50 + 10 litri
Sprayer lance: with atomizer
Hose: 9 m, hose reel support
Wheels: double pivoting wheels

VACUUM BLOWER

Bag capacity: 185 litri
Intake width: 78 cm
Fan n. turns: 2600 rpm
Hose blower Ø 10x250 cm
