

LCS 200 profile mounted level compensator G3/8" female x G3/8" female

Article number: 0121220

- Compensates for differences in height.
- Provides certain degree of shock absorption.
- Fits on standard size extrusion.

Technical data

Description	Unit	Value
Material	-	Al, CuZn, Nitrile (NBR), Polyurethane (PU), SS, Steel
Load, horizontal, max.	N	700
Load, vertical, max.	N	700
Temperature, max.	°C	70
Temperature, min.	°C	-30
Weight, max.	g	661
Weight, min.	g	625
Life span (at max. load)	cycles	10000000
Volume, internal	cm ³	13,8
Action range/Stroke	mm	50
Adjustable in rotational direction	°	0-360
Spring force, max.	N	66.7
