

Magic Protein

70B2

Spot remover - protein stains: blood, food and grass

Description

Clax Magic Protein is a highly concentrated enzymatic stain remover with excellent properties to remove blood, food, grass and other stain containing proteins. The product is specially formulated for use in commercial and on premise laundries, and is ready to use on most types of fabric.

Key properties

Clax Magic Protein is a highly concentrated surfactant/enzymatic stain remover. It contains a mix of effective surfactants and enzymes. The surfactants deliver excellent fat removal while the enzymes and nonionics effectively remove protein stains. The product is part of the Clax Magic stain remover range which consists of 4 innovative stain-fighting solutions

Benefits

- Effectively removes fatty stains and protein stains
- Extends linen lifetime by eliminating the need for rewash
- Highly concentrated to limit the impact on the environment
- Ready, easy and safe to use

Use instructions

The best results can be obtained if the stain remover is directly applied to the stain prior to washing. Allow the chemical to work for 5 - 10 minutes, but never for longer than 15 minutes. If necessary use a brush to help to remove the stain. Afterwards, wash the textile in a normal washing process

Technical data

Appearance: Clear liquid, colorless

pH (neat): 9,0

Relative density [20°C]: 1,04

The above data is typical of normal production and should not be taken as a specification.
