

Coffee machine cleaner

Description

Suma Café Liquid coffee machine cleaner is designed to remove stale coffee oil residue and ensure consistently great tasting beverages. Recommended for use on glass bowls, airpots, satellite brewers, and thermal servers. The liquid formula is ideal for office coffee, kiosk, vending, and break-room applications. Its wide range of applications and ease of use makes Suma Café Liquid perfect for office coffee programs and other venues in which simplicity is a must.

Benefits

- Phosphate free formula
- Effectively cleans and removes coffee oils and inhibits mineral deposits
- For glass bowls, airpots, satellite brewers, and thermal servers
- Liquid provides counter top convenience
- NSF certified for metal compatibility and safety

Use instructions

Vessels:

1. Apply 10-30ml of Suma Café Liquid into vessel to be cleaned, and add very hot (not boiling) water until vessel is full.
2. Use a specialty brush on tough stains.
3. Empty vessel and rinse thoroughly with water.
4. Air dry or wipe clean before next use.

Vending machines:

1. Mix 20-60 ml of Suma Café Liquid with 2L of water to create a soaking solution. Disassemble dosing assembly, mixers and tubes; submerge in prepared solution and soak for 15 minutes. Rinse thoroughly in clean water and allow to dry.
2. Reassemble dosing assembly, mixers and tubes; discard soaking solution and run rinse program following machine manufacturer's instructions.
3. Mix 10-30 ml of Suma Café Liquid in 1L of water. Insert suction tube into solution and run cleaning program following the machine manufacturer's instructions.
4. Discard solution and waste water at end of cycle.

The Diversey logo features the brand name in white text on a dark blue, leaf-shaped background. A stylized white leaf icon is positioned to the right of the text. A small 'TM' trademark symbol is located at the top right of the leaf shape.
