

Oxivir Plus NC Conc 5L

Cleaner & disinfectant for non-porous hard surfaces

Description

Diversey Oxivir Plus NC, based on patented Accelerated Hydrogen Peroxide (AHP) technology, is a broad spectrum cleaner and disinfectant for non-porous hard surfaces.

Key properties

- Oxivir Plus NC Conc is a concentrated cleaner and disinfectant in one
- Broad spectrum efficacy against Bacteria, Viruses (including Coronavirus & Norovirus) & Yeast & Fungi
- Oxivir Plus NC Conc is effective against Vaccinia virus & Coronavirus in 30 seconds in dirty conditions.
- Oxivir Products have the patented innovative Accelerated Hydrogen Peroxide (AHP) technology where the active ingredient evaporates into water and oxygen after being applied to the surface.
- Oxivir Plus NC has a very good surfactant package for superior cleaning
- Oxivir Plus NC Conc has no in use hazard classifications or statements so is safe to use for people and will not damage surfaces
- Requires no rinsing (*except for food contact surfaces)
- Free from odours and harmful toxins to ensure optimal air quality
- Woolsafe Certified and can be used on most fabrics without bleaching (always test a small area first)
- Highly concentrated formula gives you excellent Cost in Use per trigger

Benefits

- Cleaner and disinfectant in one product hence increasing efficiency and reducing cost & labour
- Strong surfactant package to ensure excellent cleaning with descaling properties for hard water areas
- Extensively tested against European Norms (EN) and effective against multiple pathogens of concern including Viruses Bacteria and Yeast in short contact times (Coronavirus, Vaccinia Virus, Norovirus, Influenza, HIV, Salmonella, E-coli, Pseudomonas, MRSA, Candida albicans...)
- Oxivir Plus products are safe to use, with no hazard warnings, classifications or statements in use and do not contain respiratory irritants to ensure optimum air quality
- Oxivir Products have an excellent sustainability profile as the active ingredient AHP is 100% bio-degradable and hence no harsh chemical residues are left on the surface
- Oxivir Plus is Woolsafe Certified and can be safely used on most fabrics (always check a small area first)
- No rinsing required after use (*except for food contact areas)
- Safe to use in food contact areas
- Oxivir Plus is the ideal cleaner disinfectant for use in multiple sectors including

Oxivir Plus NC Conc 5L

education (safe for use in schools and universities), Hospitality (Hotels, Holiday parks, Gyms, Bars..), Offices (receptions, staff areas..), Food Service (dining rooms, bars, pubs, restaurants) and Retail (shops, malls...)

Use instructions

Spray method::

1. Remove gross soils
2. Apply to surfaces by either spraying the wiping cloth and wiping surfaces or applying directly to the surface through use of a trigger sprayer.
3. After the contact time, either wipe dry or allow to air dry.
4. *For food contact areas, rinse after use with a clean damp cloth

Bucket cleaning::

1. Remove gross soils.
2. Apply to surfaces with mop/cloth.
3. After the contact time, either wipe dry or allow to air dry.
4. *For food contact areas, rinse after use with a clean damp cloth
5. Change the solution if it becomes visibly soiled or at least every 24 hours

Dosage:

Please refer to the EN table for recommended dosage and contact times.

Technical data

Appearance: Clear, yellow liquid

pH value (neat): 0.5

pH value (in use): 1.8 +/- 0.5 at 3.5% dilution

Relative density (20°C): 1.029

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diverseyst.com. Store in original closed containers away from extremes of temperature.

Product compatibility

Important: Do not mix with other products.

Microbiological data

Please refer to the EN Table on the last page for efficacy data proven compliance with the latest European Norms

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

Oxivir Plus NC is available as a Concentrate 2x5L or as a Ready to use Spray 6x750ml
