

SURE® Antibac Foam Hand Wash Free

Perfume and dye free antimicrobial foam hand wash

Description

SURE Antibac Foam Hand Wash Free is part of a unique range of plant based, 100% biodegradable* professional products for all daily cleaning and personal care needs. SURE Antibac Foam Hand Wash Free is a perfume and dye free hand disinfectant soap that ensures the highest disinfection standards are achieved. Its tough action formula with proven skin mildness makes it a great product for use in food preparation areas and anywhere where hygiene is a must. SURE Antibac Foam Hand Wash Free has a good safety profile; it is biodegradable*, completely non-classified and free from triclosan and parabens.

In addition to being a mild hand soap, the disinfection properties of SURE Antibac Hand Wash Free are tested under EN 14476 against enveloped viruses (Influenza A/ H1N1) similar to the SARS-CoV-2 virus.

Key properties

- Pleasant to use foam format
- Contains plant based ingredients from renewable sources
- 100% biodegradable and decomposed by natural processes
- Cleans and disinfects hands in one easy step
- Based on lactic acid, an organic based ingredient from natural sources that inhibits the growth of micro-organisms including bacteria, yeasts and some viruses
- Passes EN test standards: EN1499, EN13727 and EN13624 (yeast only), EN1276, EN1650 and EN14476 (influenza virus).
- Passes the latest BPR test requirements for hand disinfection
- No dye or perfume
- Extensively proven skin mildness (ROAT, TEWL & Patch tests)
- No environmental hazard classifications, no safety warnings for users
- Triclosan and paraben free
- In addition to being a mild hand soap, the disinfection properties of SURE Antibac Hand Wash Free are tested under EN 14476 against enveloped viruses (Influenza A/ H1N1) similar to the SARS-CoV-2 virus.

Benefits

- Harnessing the power of nature to reduce environmental impact and bring peace of mind
- Highly efficacious to prevent the spread of foodborne illnesses and the spread of infections, protecting your brand
- Proven mildness to protect the skin health of your users
- Non classified to ensure it is safe and easy to use, protecting the health of your organization
- Non perfumed to protect the quality of food flavors in the serving and preparation of food
